

Jay Damania

AI-Augmented Automation | Export Documentation & Logistics

Summary

As a passionate and driven individual, I am eager to contribute my analytical skills and customer-centric mindset as a Business Analyst and Client Success Executive Intern. My goal is to leverage data-driven insights to enhance client satisfaction and drive business growth. I am excited about the opportunity to join your dynamic team, where I can learn, grow, and make a meaningful impact while delivering exceptional value to clients and stakeholders alike.

Experience

Apr 2024 Business Analyst

Welspun

- **AI-Driven Leadership:** Promoted to Automation Lead in just 3 months by leveraging AI to generate and optimize code, saving 0.84 FTE annually.
- **Rapid Prototyping:** Accelerated development by 300%, deploying 12+ major automations in under 8 months.
- **Walmart USA Validator:** Built an AI-assisted Python tool that reduced 3-hour document checks to seconds with 100% accuracy.
- **Macy's Portal Bot:** Developed a Selenium bot that slashed Commercial Invoice creation time by 99.5% (from 75 minutes to 20 seconds).
- **Coupa Integration:** Engineered a "PDF-to-Portal" script using AI text-extraction to clear massive payment backlogs.
- **Finance Optimization:** Created a script that instantly consolidates hundreds of Excel files, eliminating a 2-hour daily manual task.

Jul 2023- Apr 2024 Client Success Executive (Internship) MFSG Garments

Managed end-to-end order lifecycles ensuring 100% documentation accuracy. Coordinated with production teams for stitching quality control and dispatch logistics.
